Versatile, Delicious, & Naturally Fermented

Miso Master® Organic Miso adds richness to soups & entrees, depth to dressings & sauces, complexity to sweets & desserts.

Looking for an easy, tasty way to add the health benefits of cultured fermented food to your diet? Miso Master Organic Miso, an unpasteurized, “Live” naturally fermented bean paste, is not only adaptable to almost any recipe, but also contains probiotics and other beneficial organisms which are thought to support and contribute to your overall mental and physical wellness.
