Organic Planet® Organic Oriental Noodles blend the nutrition of organic whole grain flours with the lighter, smoother consistency of organic sifted flours to produce a pasta that has a velvety texture, cooks quickly, and readily absorbs the flavors of broths, sauces, and seasonings.

CERTIFIED ORGANIC
USDA and QAI certified organically grown and processed.

NON-GMO VERIFIED
by The Non-GMO Project, the world's most respected independent non-GMO verifier.

LIGHT & SMOOTH
Silky smooth and lighter textured, these noodles combine the nutrition of whole grain flour with the lighter consistency of sifted flour.

HEIRLOOM GRAINS
Special varieties of wheat and buckwheat, developed over millennia especially for making pasta, are nutritious and delicious.

ROLL-AND-CUT
Softer, more flavorful wheat can be used with this traditional method of hand-crafting and air-drying.
